Dear Thalyann Olivo,

Congratulations on your completion of the Prometheus Project, "Create Standardized Measures to Assess Student Outcomes". Your technical skills drove an impact in Community and Economic Development, Education, Youth Development and Mental Health.

In this project, you leveraged Google Sheets, Python and SQL in order to deliver a solution to a nonprofit in need of your skills.

Receipt of this letter confirms your project completion.

Sincerely,

A handwritten signature in black ink, appearing to read "Margaret Smiley". The signature is fluid and cursive, with the first name "Margaret" written in a larger, more prominent script than the last name "Smiley".
